**KUAT 30 Second
Dr. Jennifer Denetdale**

One thing that native peoples have always had to deal with and face is the popular images of native peoples which we've often has said are distortions of who we are as a people and that includes our historical realities.

And so I think Public Television can be an avenue for addressing the historical realities of the native peoples of this country and I think it's a great forum to bring films about native people by native filmmakers.
