**WTTW 60 Second
Gloria Bond Clunie**

I'm Gloria Bond Clunie and in my play "Quark," a play about the universe, Alex challenges her students. Find the connection, the quantum world and the cosmic world the big and the small, we don't always see it but kept trying. Atoms become astronomy connections--they're there. We've got to figure out how it all fits together, Find the elegant entanglement, the unified theory that connects us all.

When I was writing "Quark" which is a science play, I loved watching NOVA, it opened up the universe for me. It made it understandable, it made it reachable--I could reach for the stars with it.

I'm Gloria Bond Clunie, Public Television is my source for expanding the vision of who I am.
